

LEGAL NOTICE

NOTICE OF SALE  
Of \$222,000 Hempstead  
County, Arkansas General  
Obligation Industrial  
Development Bonds

Pursuant to Order of the County Court of Hempstead County, Arkansas notice is hereby given that Hempstead County will sell to the highest bidder its proposed issue of \$222,000 Hempstead County General Obligation Industrial Development Bonds, being issued under Amendment No. 49 to the Constitution of the State of Arkansas, dated June 1, 1966, bearing interest at the rate of 4% per annum, payable semiannually on June 1 and December 1 of each year, commencing December 1, 1966 and maturing annually on June 1 of each year as follows:

YEAR	AMOUNT
1969	\$ 6,000
1970	6,000
1971	7,000
1972	7,000
1973	8,000
1974	9,000
1975	10,000
1976	11,000
1977	11,000
1978	12,000
1979	12,000
1980	12,000
1981	13,000
1982	14,000
1983	14,000
1984	15,000
1985	15,000
1986	40,000

The bonds will be general obligations of Hempstead County to the payment of which the County will pledge its full faith, credit and taxing power under Amendment No. 49 to the Constitution of the State of Arkansas, including particularly a 1-1/2 mill special continuing annual tax on the dollar of the assessed valuation of the taxable real and personal property in the County, subject, however, to the provisions hereafter set forth pertaining to the suspension of the collection of said tax. The assessed valuation of the taxable real and personal property in the County according to the 1965 assessment, the latest assessment of record, is \$14,589,812.00.

The proceeds of the bonds will be used, together with available funds, for the constructing and equipping of an industrial project to be operated by Missouri Research Laboratories, Inc. (called "Missouri Research"). The industrial project will be leased to Missouri Research and the lease rentals will be applied to the payment of the principal of and interest on the bonds. In this regard, provision will be made by the County in the Order authorizing the issuance of the bonds for the suspension of the collection of the special tax as long as there is no default by the Lessee under the Lease Agreement. The conditions in the Authorizing Order will be such that there will be no partial suspension so that there will be available for the payment of the principal of and interest on the bonds either the entire proceeds of the tax or the lease rentals under the Lease Agreement.

The purchaser may name the bank of payment and shall have the right to convert the bonds to an issue bearing a lower rate or rates of interest with any conversion to be in accordance with the Universal Bond Values Tables and upon such terms that the County receive no less and pay no more than it would receive and pay if the bonds were not converted. Any conversion will be subject to the approval of the bank of payment and the County Court. The expenses of the issue, including the printing and trusteeship of the bonds and the fee of Smith, Williams, Friday & Bowen, Bond Counsel, of Little Rock, Arkansas, upon whose approving opinion the bonds will be issued, will be paid by the County.

The bonds will be callable for payment prior to maturity in inverse numerical order at par and accrued interest as follows: from surplus tax collections and surplus lease rentals on any interest payment date; from funds from any source on any interest payment date on and after June 1, 1976. The County will covenant that surplus tax collections and surplus lease rentals, being the amount in excess of that necessary to insure the prompt payment of the principal of and interest on the bonds as the same become due, must be used from time to time on each interest payment date for the redemption of bonds prior to maturity.

No bid of less than par and accrued interest on the basis of an interest rate of 4% per annum will be entertained and no contingent provisions may be inserted in any bid. The award, if made, will be to the bidder whose bid results in the lowest net interest cost to the County, to be determined by computing the aggregate interest cost to the County from the date of the bonds to maturity and deducting therefrom any premium bid. The County reserves the right to reject any or all bids.

The bonds will be sold upon auction bids, the sale to be held at 2:00 o'clock p.m., on the 10th day of May, 1966, at the office

Young GOPs to Draw Some 300

HOT SPRINGS, Ark. (P)—The annual convention of the Young Republican League of Arkansas is expected to draw more than 300 party members here Friday and Saturday.

Winthrop Rockefeller, Republican candidate for governor, will address the delegates at a noon luncheon Saturday. Mrs. Jelena Dover of Fort Lauderdale, Fla., co-chairman of the Young Republicans National Federation, will speak at the first general session Friday afternoon.

Officers will be elected at the final business session Saturday, said Bob Scott of Rogers, general chairman of the convention.

of the County Judge in the Hempstead County Courthouse, Hope, Arkansas. Each bidder will be required to deposit a certified or cashier's check in the amount of \$4,440 on a bank that is a member of the Federal Deposit Insurance Corporation, payable to the County, to be retained as liquidated damages in the event the bidder is awarded the sale of the bonds but fails to complete the purchase. Checks of unsuccessful bidders will be promptly returned. Interest will not be paid on good faith checks.

For further information address Stephens, Inc., Little Rock, Arkansas, the County's Fiscal Agent, or the undersigned.

New Problems Facing the Supermarket

By SALLY RYAN  
AP Business News Writer

NEW YORK (AP)—Americans' insatiable appetites for new products — and their reluctance to part with old favorites — are creating problems for the nation's supermarkets.

It is the battle for the big inch on the store shelf.

Theodore A. Von Der Ahe, president of Von's Grocery Co. in California, estimates his stores carry about 15,000 items.

Another 4,000 to 5,000 are offered to the stores each year of which they take about 1,000.

With new items coming out all the time, you have to knock out some items or squeeze the shelf space on existing ones," said William A. Schroeder, vice president, consumer marketing, Corn Products Co.

That is why from time to time a rinse, a 16-ounce bottle of root beer or a breakfast cereal will disappear from the shelves.

Consumer loyalty is high, and both the stores and the manufacturers are worried that the housewife will switch to a competitor.

"We try to take care of her as long as we can," Schroeder said.

The company estimates that it may take 10 years to get housewives to switch from its old starch to its new spray.

"We use samples and coupons to try to get them to switch," a company spokesman said.

"But consumers know what they want, and it's not necessarily what you do."

The government has estimated that three-fourths of Americans working in 1975 will be dealing with products that don't even exist today.

Campbell Soup Co. products have multiplied from 44 to more than 400 since 1954. General Foods Corp. introduced 17 new products in 1965, and General Mills, Inc., had 10. Green Giant Co. brought out 30.

Gordon Ellis, executive vice president, Pet Milk Co., estimates about 95 per cent of new products and brands introduced either are unsuccessful or fall far short of expectations.

Ellis said 65 years ago, the life expectancy of a new product was at least 20 years. Now, with increased competition, it is less than seven years in the food industry, and still dropping.

More of the proposed product are being weeded out along the line — in early stages of exploration, screening, business analysis, development or testing. Sam Dawson is on vacation.

Lincoln F. H. A.

Lincoln High School chapter of the Future Homemakers of America observed National F. H. A. Week April 8th. When their last chapel program of the year was presented.

A report from our State Convention which was held on March 26th, in Little Rock was given to the entire faculty and student body by Wanda Williamson. Carol Gilliam spoke on the subject, "Good Family Relations through Communication". The pledge of allegiance by Sharollette Williamson and Irene Moore was beautifully performed and the Star Spangled Banner was sung by Bettye Muldrew. Our outgoing president, Brenda Pryor gave her final address.

The installation ceremony followed which was very colorful and well presented. The following officers were installed: President, Earlene Cheatham; Vice President, Aletha Terrell; 2nd Vice, Shirley Perkins; 3rd Vice, Wanda Williamson; Secretary, Irene Moore; Asst. Secretary, Louise Munn; Treasurer, Linda Pryor; Historian, Rexcene Stuart;

The faculty Easter Egg Hunt was held on the campus with Mrs. Lasker finding the highest number of eggs, 31 and Dr. Williamson one.

Electricians Will Return to Their Jobs

CAPE KENNEDY, Fla. (AP)—Striking electricians were expected today to honor a government request and confine their picketing to one gate at this space center, opening the way for nearly 500 construction workers to return to their jobs.

It was hoped the "one-gate" policy would be in effect by the time the second shift reported at 3 p.m.

The 52 members of the International Union of Electrical Workers, AFL-CIO, picketed all five gates Monday in a wage dispute with United Technology Center, a division of United Aircraft Corp.

As a result 495 of 1,146 construction workers employed at the Merritt Island moon port stayed off the job — although they were asked by their leaders to ignore the lines. Their absence slowed some building projects.

The single gate policy, worked out by the Air Force and the National Aeronautics and Space Administration, has proved effective in minimizing effects of past strikes here.

Why hasn't Mrs. Bettye Groves missed a day's work since September 17, 1945?

Mrs. Groves is a service representative for Southwestern Bell in Magnolia, Arkansas. She started work on September 17, 1945, and hasn't missed a day since then. You have to have some pretty good reasons to work 21 years without being absent one day. You have to have what we at Southwestern Bell call the "spirit of service." Mrs. Groves has this spirit.

"I have a job to do and I've always felt it's my responsibility to be here," says Mrs. Groves. "Of course, I've been fortunate to be as healthy as I am. And something else that helps is liking my work. It's the company's job to furnish the public with the best available service to fit their particular needs. That's my job, too."

Mrs. Groves and 3,500 other Southwestern Bell people in Arkansas have one thing in common. They're making your telephone service—already the world's best—even better.

## Bill Russell New Coach of Boston Celtics

By DAVE O'HARA  
Associated Press Sports Writer  
BOSTON (AP) — The Boston Celtics return to business at hand and try to square their National Basketball Association series with the Los Angeles Lakers tonight after naming capt. Bill Russell their 1966-67 coach.

Less than 24 hours after dropping the series opener 133-129 in overtime, the Celtics surprised the sports world Monday by choosing Russell to succeed Red Auerbach, who is retiring from the coaching ranks after the playoffs to concentrate on duties as general manager.

"I'm pleased, proud and happy," Russell said after becoming the first Negro to coach a major league pro club. "Once again the Celtics are making National Basketball Association history — not only on the court but on the bench."

The 32-year-old Russell, who has two years left on a contract paying him \$100,001 annually, announced he would serve as a player-coach. He admitted that he was getting old, but said, "As a player, I believe I'm one of my assets as a coach."

There is little question that the 6-foot-10 Russell faces a stiff challenge. As Auerbach's successor, he will take over from the most successful coach in NBA history.

Russell earned All-America honors at the University of San Francisco and starred in the Olympic Games before joining the Celtics in December, 1956. He immediately helped build the Celtics into a dynasty.

Boston won its first NBA title in Russell's freshman season, but lost to St. Louis in the finals the next year. Since then, the Celtics have won seven straight championships, a feat unparalleled in pro sports history.

The Celtics resume their bid to give Auerbach another title as a retirement present at the Boston Garden tonight. They are rated strong favorites to even the best-of-seven series with the Lakers before the clubs move to Los Angeles for games Wednesday and Friday.

Bullets May Hire Max Zaslofsky

BALTIMORE (AP) — Max Zaslofsky, a candidate for the Baltimore Bullets' coaching job, believes gnatational Basketball Association stars can — and should — be taught fundamentals of the game.

"The pros make a lot of mistakes simply because they don't know the fundamental," said the former NBA scoring champion Monday prior to his interview with Bullets officials about the coaching vacancy.

"Some people say the pros know everything and shouldn't have to be taught," Zaslofsky said. "That's ridiculous. There are only about three clubs in the league who know how to box the opposition off the boards. If they did, the big men wouldn't get all those rebounds."

Zaslofsky was armed with a personal scouting report on every NBA player for his talk with Arnold Hef, one of the three Baltimore owners, and Bullets' General Manager Buddy Jeannotte.

Zaslofsky, now 40, retired from the NBA in 1966 after a 10-year career. Since then, the former St. John's University star has coached an industrial league team for six years while serving as director of management training for a New York freight forwarding firm.

Hef said the three owners probably would confer this weekend to narrow down the field of some 30 applicants for the job.

Redskins Sign Specialists

WASHINGTON (AP) — The Washington Redskins of the National Football League announced today the signing of two young defensive specialists, both of whom scored touchdowns in the final game of the 1965 season.

The players are Tommy Walters, a 6-foot-2, 195-pound safety, and Rickie Harris, 6-foot, 182-pound cornerback.

## Oldtimer Saves Pirates' Win Over Redlegs

By MURRAY CHASS

Associated Press Sports Writer  
As a youth Roy Face had a weak heart — but it got strong. As an aging baseball player, he has a strong arm — but it's not getting weak.

The 38-year-old Face made his fourth appearance of the season Monday night and saved Pittsburgh's 4-3 victory over Cincinnati. It was the Pirates' fifth triumph in the first six games of the week-old season.

Face's performance was similar to his first three and added strong evidence that he will be one of the most effective relief pitchers in the majors this season, his 13th with the Pirates.

A poor 1964 season and a knee ailment last year gave indications that Face might be finished. But he is a veteran at coming back with a record dating to his youth.

"In high school I developed a strep throat," Face recalled. "and they gave me too much sulfa drugs. It weakened my heart."

"The doctor said absolutely no exercise. A few months later, though, I was playing football and not long after that I was accepted for Army service."

"I also had rickets when I was five. The disease left my bones soft and bent and I ran a high fever. They said I looked more dead than alive. I wasn't expected to live through the night, but I made it."

Now Face is a nightmare for National League batters.

In his first game on opening day last Tuesday, the right-hander came on in the ninth inning with the contest tied 1-1, two out and three Atlanta Braves on base. He retired Frank Bolling on a fly ball, left for a pinch hitter and the Pirates eventually won in 13 innings.

Last Saturday he relieved in the ninth inning, with the Pirates leading St. Louis 5-3, one out, one out and a count of two balls, no strikes on Julian Javier. He promptly induced Javier to hit into a game-ending double play.

The next day he ended a rally after the Cardinals had scored five runs and still had two on with only one out. The Pirates eventually won that one, too.

Finally, against the Reds Monday night, he appeared in the ninth inning to hold a one-run lead. Cincinnati had runners at first and third with two out. Face again wasted little time.

He struck out Art Shamsky, and the Pirates had another victory. His latest appearance was a major league record 45th straight without a start — a start being something he hasn't had since 1957.

A three-run rally in the sixth inning gave the Pirates the victory over the Reds, the last two runs scoring on Jose Pagan's pinch double.

In the only other game, Los Angeles defeated Houston 6-3 as Don Sutton scattered eight hits in eight innings and won his first major league game. Lou Johnson rapped two singles and a double, driving in two runs and scoring one.

Rain washed out Atlanta at Philadelphia.

4 Minute Mile Never Automatic

LAWRENCE, Kan. (AP) — "Four-minute miles never will be automatic for anyone, not even Jim Ryun," says his coach, Bob Timmons. "If people continue to expect it every week, Jim might come to hate track some day."

"He has three more big years at Kansas and track should be fun."

Ryun is the 18-year-old Olympian from Wichita, Kan., who set the American mile record of 3:55.3 last June at the National AAU in San Diego while edging Peter Snell, former world record holder.

It's only natural fans expected a mile under four minutes at the Baxter mile in New York's Madison Square Garden Feb. 18 and in the Texas Relays two weeks ago. They came away disappointed both times, although Ryun won both.

It's inevitable for fans to anticipate a sub-4-minute clocking by Ryun in the Kansas Relays Saturday, again at the Drake Relays a week later.

Timmons thinks it's more realistic to talk in terms of the 12-year-old meet record of 4:03.1 in the Glenn Cunningham mile here.

## Bayer Ties Hog Golfers, No Change

FAYETTEVILLE, Ark. (AP)

—Arkansas, leader in the Southwest Conference golf race, and Baylor, one-half point behind, tied 3-3 in a match here Monday, changing their standings not one whit.

The Razorbacks and the Bears wind up league competition Friday, Arkansas meeting Southern Methodist here and Baylor taking on Texas Christian at Waco.

Mike McCutcheon and Mike Hastings of Arkansas and Jim Grant of Baylor were low men in Monday's match, each carrying par 69.

Grant defeated David McCauley 2 and 1. Hastings beat Bob Ricks 3 and 2. Grant-Ricks downed McCauley-Hastings 1-up.

McCutcheon defeated Dick Rogers 3 and 1. David Smith, Baylor, beat Jim McCord, Arkansas, 2 and 1. McCutcheon-McCord defeated Rogers-Smith 2 and 1.

Travelers in 3rd Win Straight

AUSTIN, Tex. (AP)—The Arkansas Travelers take on a new foe tonight after defeating Austin 2-1 here Monday for their third straight victory in Texas League baseball.

The undefeated Travelers meet Dallas-Fort Worth, fourth in the league with a 1-3 record. It will be the second full road game for the Arkansas team.

They led Austin 2-0 Sunday night when the game was rained out.

Billy Wolff hit a long sacrifice fly in the ninth inning Monday night, bringing Joe Patterson home with the winning run.

Tom Dukes, starting pitcher for the Braves, had a 1-1 battle going into the inning, but committed two costly errors.

He walked Patterson, the leadoff man, then threw away the ball on a pickoff try at first. A nerror on Enrique Rivera's sacrifice bunt pushed Patterson to third and he came home on Wolff's long fly to the outfield off relief pitcher Joe Cisterna.

Dietzel, handsome and articulate, has deposited his slogans for success at the University of South Carolina, which doesn't dig.

It's all pretty incredulous.

Dietzel, power-driven, leaves the United States Military Academy, with its built-in national prestige, to forage in the piney country where his slickness is almost foreign to the rural attitudes.

Because Paul flopped in New York in the area where he should have been strongest building a personal halo around himself, like he had for seven years at Louisiana State.

Dietzel's shift to Army four years ago was inspired by the public relations possibilities inherent in the citadel on the Hudson. Down river, there were 15 million people ready to bask in his smile. Furthermore, the New York market contained the nerve centers of communication — television, radio and the rest — to make Dietzel a big man in every family living room.

Army, which should be a New York team, isn't. It never bothered Col. Earl Blaik in the years Army was a thriving football power because he was above such peacetime considerations as popular support. He stayed aloof because his position was secure. Army was a winner, and any interested parties had to travel the Storm King highway to see the colonel.

Dale Hall tried to continue that pattern, but it didn't work. Army didn't beat Navy. Hall was a recluse but not by choice. Nobody was interested in the trip up river to see him.

Dietzel was going to change all that. Army is only a strong hour's drive from New York City.

His magnetism would radiate down the river. But strangely, Dietzel withdrew, just like everybody else who has been at Army. He showed up only a couple of times a year at the New York football writers sessions in the fall. He didn't make the scene.

Generally it didn't matter in New York, since the pros just entrenched themselves that much stronger as the reigning attraction in the fall. A trip up the Hudson to see Army play football was an outing to enjoy the pastoral qualities of the region, the changing hues and sparkling hills. Sometimes the game was only incidental.

Of course, Dietzel had basic problems with his football program, recruiting was tougher with kids who saw the possibilities of pro careers; time to coach the kids was limited, while football grows more complex. But these were conditions that existed before he got there. And always will.

The main thing is that Dietzel didn't sell himself or Army football. And his move to South Carolina is the admission of that failure.

Maybe Paul understands it now. Among his conditions at South Carolina was an insistence on naming his own public relations man.

He also goes to a school where politicians have dominated the athletic program. A strong point was made of the proviso that Dietzel will answer only to the president of the university.

It beats having to cultivate 15 million people.

## Palmer Pulls Out Victory at Las Vegas

Arnold Palmer flew home for a rest in his Pennsylvania home today, the four-stroke winner in the Tournament of Champions golf playoff.

Runner-up Gay Brewer headed for the \$85,000 Dallas Open, which starts Thursday.

Palmer won his second straight Tournament of Champions title in a playoff Monday and \$20,000 when he shot a 34-55-69. Brewer picked up \$12,000 second place money with his 36-37-73.

Bucking 35-mile-an-hour winds and a sandstorm, Palmer took a 2-stroke lead after the first nine holes of the playoff — the first playoff in the tourney's 14-year history. He went into the 18th hole with a five-stroke margin.

Palmer admittedly played it safe on the last hole and went over par with a bogey 5. But it was still safe enough to give him a four-stroke margin at the wind-up.

The 18-hole playoff attracted 2,847 fans and a gross gate of \$19,929. Palmer and Brewer each received \$4,982 for the playoff.

Palmer and Brewer traded birdies for the first four holes, but Palmer took a lead of two strokes after nine holes. Brewer fell behind in what probably was the decisive turn of events when he bogeyed the eighth and ninth holes.

It was the second playoff loss in a week for Brewer. He finished third last Monday in the Masters tournament to Jack Nicklaus and Tommy Jacobs.

COLUMBIA, S.C. (N.E.A.) — Pepsodent Paul has changed to Glean. He'd rather switch than fight. This is the Pepsi generation, baby, in coke country. Come alive.

Let the image makers bat this one around. Paul Dietzel, handsome and articulate, has deposited his slogans for success at the University of South Carolina, which doesn't dig.

It's all pretty incredulous.

Dietzel, power-driven, leaves the United States Military Academy, with its built-in national prestige, to forage in the piney country where his slickness is almost foreign to the rural attitudes.

Because Paul flopped in New York in the area where he should have been strongest building a personal halo around himself, like he had for seven years at Louisiana State.

Dietzel's shift to Army four years ago was inspired by the public relations possibilities inherent in the citadel on the Hudson. Down river, there were 15 million people ready to bask in his smile. Furthermore, the New York market contained the nerve centers of communication — television, radio and the rest — to make Dietzel a big man in every family living room.

Army, which should be a New York team, isn't. It never bothered Col. Earl Blaik in the years Army was a thriving football power because he was above such peacetime considerations as popular support. He stayed aloof because his position was secure. Army was a winner, and any interested parties had to travel the Storm King highway to see the colonel.

Dale Hall tried to continue that pattern, but it didn't work. Army didn't beat Navy. Hall was a recluse but not by choice. Nobody was interested in the trip up river to see him.

Dietzel was going to change all that. Army is only a strong hour's drive from New York City.

His magnetism would radiate down the river. But strangely, Dietzel withdrew, just like everybody else who has been at Army. He showed up only a couple of times a year at the New York football writers sessions in the fall. He didn't make the scene.

Generally it didn't matter in New York, since the pros just entrenched themselves that much stronger as the reigning attraction in the fall. A trip up the Hudson to see Army play football was an outing to enjoy the pastoral qualities of the region, the changing hues and sparkling hills. Sometimes the game was only incidental.

Of course, Dietzel had basic problems with his football program, recruiting was tougher with kids who saw the possibilities of pro careers; time to coach the kids was limited, while football grows more complex. But these were conditions that existed before he got there. And always will.

The main thing is that Dietzel didn't sell himself or Army football. And his move to South Carolina is the admission of that failure.

Maybe Paul understands it now. Among his conditions at South Carolina was an insistence on naming his own public relations man.

He also goes to a school where politicians have dominated the athletic program. A strong point was made of the proviso that Dietzel will answer only to the president of the university.

It beats having to cultivate 15 million people.

## Turned Out It Was No Joke

PHILADELPHIA (AP) —

Driver Edward Richardson and Patrolman Charles Schemm thought it was a joke.

As they were driving their patrol wagon in Philadelphia, a car pulled alongside and the driver yelled: "You're losing your prisoners."

With 26 prisoners in the back of the police van, the pair decided to stop and look, just in case.

In the van were 24 prisoners and a big hole in the window of the door.

The two escapees were quickly recaptured.

## Detailed 11 Year Study Made on Sex

ST. LOUIS, Mo. (AP) — An

11-year, detailed study of the reactions of 694 men and women to sexual stimulation was published today.

The pathfinding research at Washington University in St. Louis appears destined to be as widely discussed as the Kinsey reports of a generation ago.

But, unlike the work of Dr. Alfred C. Kinsey who gathered his data mainly through interviews, the new book involves laboratory observations of humans undergoing sexual experiences.

The 365-page book, "Human Sexual Response," was prepared by Dr. William H. Masters, a gynecologist, and his assistant, Virginia Johnson, a psychologist.

Masters said the book was "written for the medical and behavioral professions and will not be advertised for sale outside those professions."

The book is published by Little Brown and Co. and will sell for \$10 a copy.

The book, which includes drawings and a scientific glossary, details the mental and physical sensations experienced by 312 men and 382 women who participated in the study. They ranged from college professors to prostitutes. Some were hired but most were volunteers.

While engaged in the sex act in a university laboratory, the subjects were wired to recording instruments as color movie cameras captured their reactions.

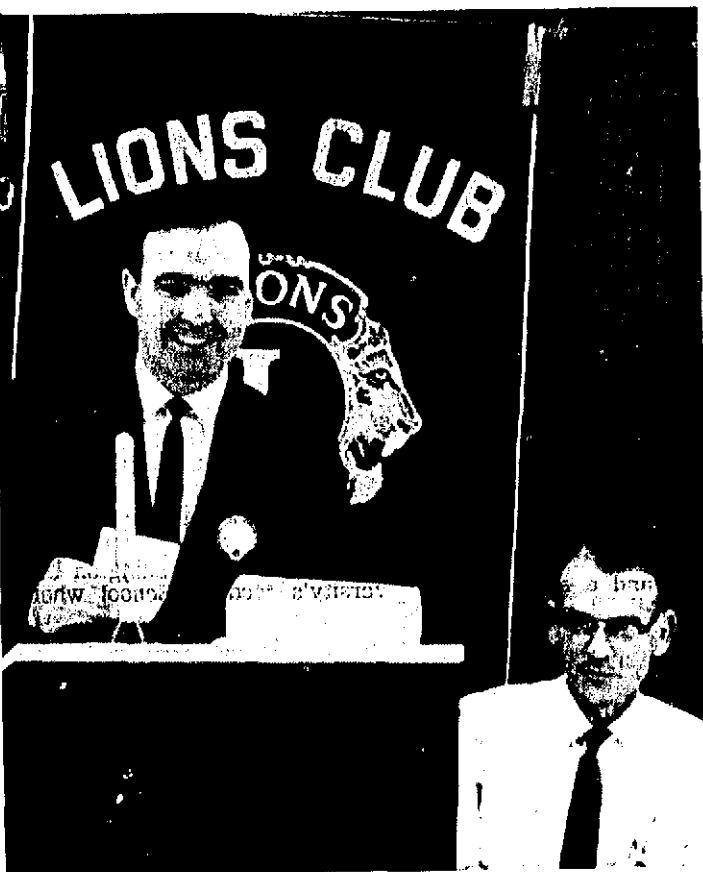

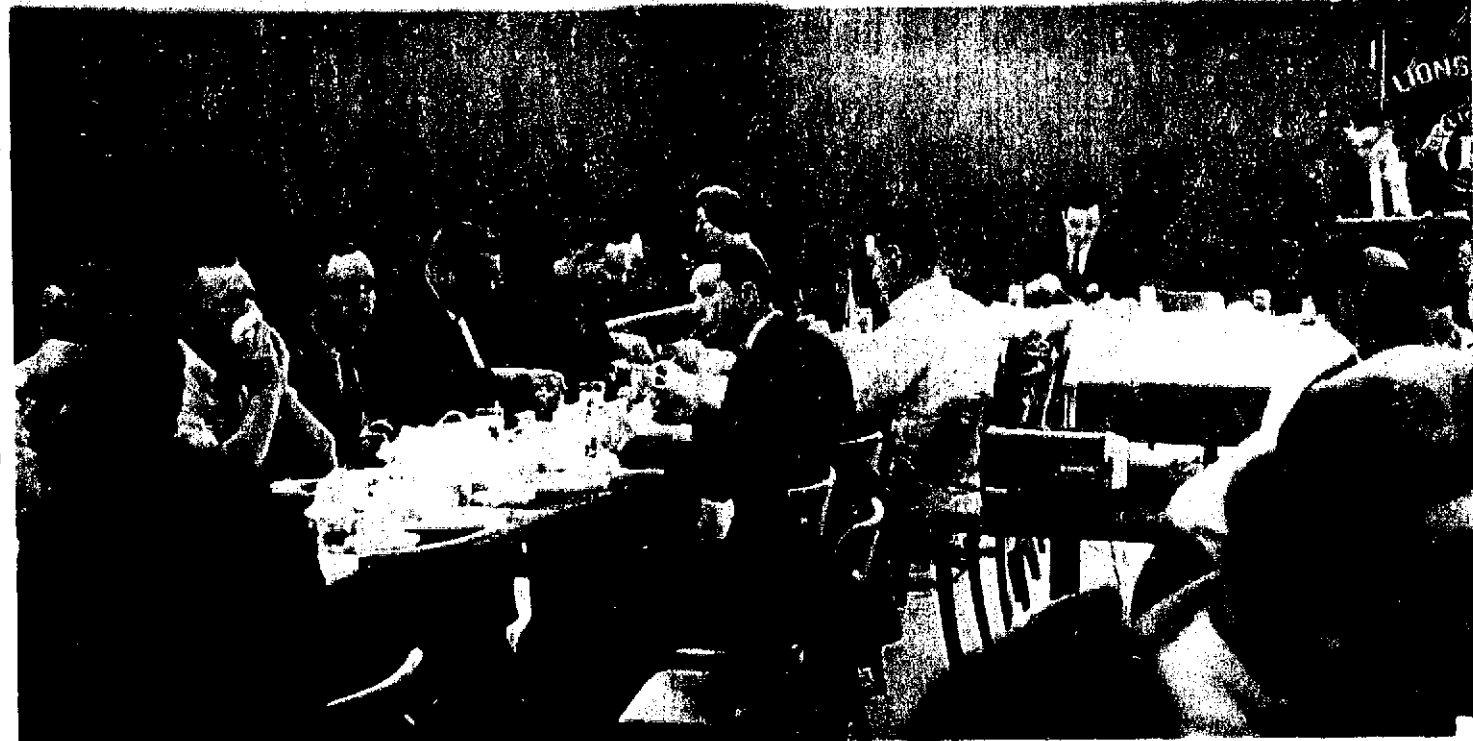

Some of the findings of the Masters-Johnson study: Discovery in the vaginal tract of 41 women of a potent contraceptive agent capable of killing all sperm in 10 seconds. Masters called this "the first natural contraceptive. If this lethal factor can be identified and synthesized it might be theoretically possible to permanently immunize women against pregnancy."

They describe vaginal lubrication as a "sweating phenomenon."

Women respond faster, more intensely and longer to sexual intercourse than do men.

## Conservative Take-Over in Austria

By ERIC WAHA  
VIENNA, Austria (AP)—Austria got its first postwar one-party government today as an all-Conservative Cabinet took over after 21 years of coalition with the Socialists.

The Conservatives decided Monday night to form a government alone after the Socialists refused to accept any reduction of their role in the government although the Conservatives had won a majority in Parliament in the March 6 elections.

"The Socialists wanted us to give firm guarantees for the entire four-year legislation period — this we could not do," Chancellor Josef Klaus told the nation in a radio-television address.

"But we proved our honest intentions by offering them the Cabinet posts they held previously with the exception on the Justice Ministry, which we claimed on the strength of our election victory."

## Lee Marvin, Miss Christie Win Oscars

By GENE HINDSAKER  
SANTA MONICA, Calif. (AP)—Britain's Julie Christie, rugged Lee Marvin and "The Sound of Music" won the top Oscars — with the President's daughter Lynda Bird Johnson a guest star in the audience.

The blonde Miss Christie was honored at Monday night's 38th annual Academy Awards as an English model who sleeps her way to success with a succession of high and low society figures in "Darling."

Hands to face, sobbing but gleeful, she gasped: "I don't know what to say except to thank everyone concerned — especially my darling John Schlesinger (the director) for this wonderful picture."

Said Marvin, the roaring drunk gunfighter of "Cat Ballou," after prolonged, thunderous applause indicating a popular choice:

"Half of this (Oscar) belongs to a horse someplace out in the valley" — a reference to the dilapidated nag he rode in the Western film.

It was one of the hardest-to-predict Oscar races in years. Much sentiment favored Rod Steiger as "The Pawnbroker." There were predictions that "Ship of Fools" or "Doctor Zhivago" would win as best picture. One of the closest contests was between two Julies, good friends.

Julie Andrews — who didn't win for "The Sound of Music" — did accept an Oscar for its director, Robert Wise, now at work on another picture in Hong Kong.

"It gives me the greatest pleasure to accept," said Miss Andrews, radiant in an orange gown. "I know he's heartbroken not being here this evening."

The brilliantly melodic "Sound of Music" — in which Miss Andrews was again nominated for her role as a governess as when she won in "Mary Poppins" a year ago — won the best picture award.

The award for best performance by an actor in a supporting role went to Martin Balsam in "A Thousand Clowns." He played a "quare" business success, the older brother of happy-go-lucky Jason Robards.

Best performance by an actress in a supporting role: Shelley Winters brutal mother of a blind girl in "A Patch of Blue."

It was Miss Winters' second supporting-actress Oscar — the first such twin victory for any actress. She won in 1958 as a dowdy Dutch housewife in "The Diary of Anne Frank."

The supposedly blind girl of "A Patch of Blue" — Elizabeth Hartman, in her first movie — was nominated for a starring Oscar.

Hollywood's annual big night went off with all the traditional hoopla — blinding klieg lights and stands full of shrieking fans outside the Santa Monica Civic Auditorium.

One of the loudest ovations was for Lynda Bird Johnson, 22, escorted by actor George Hamilton, 26. She was in a brown fur jacket over an orange dress; he, tanned and smiling, in white tie and tails.

## THE DOCTOR'S MAILBAG

### Gout Sufferers Should Avoid High Purine Foods

BY WAYNE G. BRANDSTADT, M.D.  
Newspaper Enterprise Assn.

Q — You once wrote that foods which have a high purine content should not be taken by persons with gout. What are these foods? Can Benemid be taken daily for an indefinite period?

A — High purine foods include such glandular cuts as sweetbreads, liver and kidneys, bouillon or consommé made with meat extract, anchovies and sardines. If you are taking probenecid (Benemid) you should be able to tolerate moderate amounts of even these foods.

This drug is of no value in relieving an acute attack of gouty arthritis but, when taken regularly for several months, it will prevent such attacks. Since the treatment must necessarily be for an indefinite period your doctor should regulate the dosage to fit your personal need.

Q — My father, 75, has had gouty arthritis for 30 years. He tried taking Indocin but could not tolerate it. Would colchicine or Benemid be harmful for him?

A — Indomethacin (Indocin) relieves the pain of acute attacks of rheumatoid and gouty arthritis but it may irritate the digestive tract and cause peptic ulcer or ulcerative colitis. Colchicine, an old standby in the treatment of gout, has the same disadvantage.

Probenecid or sulfinpyrazone (Anturane) taken regularly should control the attacks in time. The latter is usually tolerated very well.

Q — I have been taking Benemid daily for 18 months. If I keep on taking it, is there any danger of developing kidney stones?

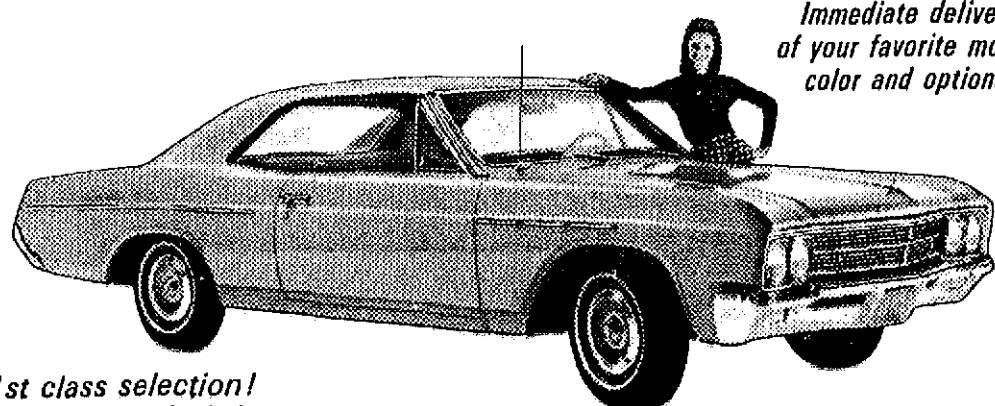

A — Kidney stones are a common complication of gout. Any drug that helps you to control this disease will lessen the chances of your developing these stones, but if your kidney function was impaired before you started treatment you should not take probenecid.

Q — Which fats should be avoided to prevent hardening of the arteries?

A — Avoid the so-called saturated fats. In place of butter eat margarine, but in moderation. Take skim milk, buttermilk and cottage cheese in preference to sweet or sour cream, ice cream, whipped cream and cream cheese. When you eat red meat, fowl and fish you should trim off the fat. Gravies, soups and stews should be placed in the refrigerator so that the fat will harden. It can then be easily removed. Use vegetable oils in cooking in preference to lard, bacon drippings and suet.

That's the way newspaper readers are: they want more out of life. And if you have something to sell, try newspaper readers first.

Just about every family with an income over \$5000 a year reads the newspaper every day. And as income and education go up, newspaper readership climbs to 95%.

Also: the newspaper isn't just something people read on their way to work. In fact, 90% of newspaper reading is done at home — where the husband and wife can put their heads together on big-ticket purchases.

Reach is the thing with newspapers. Whatever you sell, big-ticket or small, your best prospects are the 95 million adults who turn to the daily newspaper for all the things that can brighten their lives.

THE BORN LOSER

By ART SANSON

The European corn borer is one of the most devastating insect pests of American agriculture on record. It first started damaging corn in New England, in 1916-17, where the manufacture of brooms from broomcorn imported from Europe was a principal industry. The corn borer next spread to the Midwest, America's "corn belt." In 1949 alone this pest caused the loss of 315 million bushels of corn.

How to Lose Without Trying

By JACOBY & SON

One of the world's greatest experts in making the nothing play is our old friend "Hard Luck Joe." Here Joe uses a nothing play to lose a clutch vulnerable slam. West's four heart bid crowded North into a doubtful four spade bid but there was nothing doubtful about the spade slam. It was a lay-down except for the combination of a bad luck situation and Joe's nothing play. West might well have gone to seven hearts. He could not be set more than six tricks and actually would have escaped for only five down. But West had two reasons for not sacrificing at that point. The first reason was that, for all he knew, one of his opponents might be void in hearts and go on to a lay down grand slam. The other was that West had some hope of beating six spades. He was void of clubs and if he could

just get his partner into the lead there was hope for a profit. West opened the three of hearts. Joe reached over and played dummy's six. East played the seven and Joe played his deuce. There was a long pause at the table. East had not noticed that his seven had held the trick. Eventually, West picked up the cards, turned them over, placed them in front of his partner and remarked, "You just won the first trick." East turned the cards over, said, "So, I did." Then East thought awhile and led back a club. West ruffed and down went Joe. His play of the six spot from dummy was a most unusual nothing play. It only made a difference because West held the six top hearts but there was no reason for Joe not to play the eight. This play could not be. The six play did.

**SPECIAL LIMITED ENROLLMENT! EXPIRES MIDNIGHT, MAY 8, 1966**

# A board of doctors creates a new kind of health plan for people over 40 only!

## Gives you extra cash over and above your present hospital insurance for the "danger years" ahead and—for the first time—actually pays money to help keep you well!

**If you are over 40, you can qualify for the new 40-PLUS BENEFIT PLAN, if you mail your Enrollment no later than Midnight, May 8, 1966—and you can enroll for only \$1.00!**

This, surely, is among the greatest values, as well as the most unusual health insurance program, ever offered to men and women over 40! Think of it. Simply by the stroke of your pen, you can now get the valuable "extra cash" protection you've wanted at the very time when you are most apt to need it... all at a cost substantially less than you might expect!

### How the 40-PLUS BENEFIT PLAN Differs from Ordinary Health Insurance

The 40-PLUS Benefit Plan has been created by an insurance company run by doctors, the Physicians Mutual Insurance Company, which has specialized in health and accident protection for physicians, surgeons and dentists exclusively for more than 63 years. Now this fine old "doctors company" offers a wonderful new "extra cash" plan to men and women over 40! And you may enroll during this Limited Enrollment Period—without having to see a company representative and without any red tape!

In short, if you are over 40, you can now qualify for 40-PLUS. No other qualifications are required—provided you enroll during this limited Enrollment Period.

### How 40-PLUS Helps Your Doctor Keep You Well

As you know, and as your doctor will tell you, people who have regular physical examinations have a better chance to stay well and live longer. For example, doctors know that if cancer is discovered in its early stages there is a much better chance of curing it. To encourage you to see your doctor regularly, 40-PLUS will pay you to \$10 to help pay the cost of an annual routine physical check-up. You see your own doctor any time within 60 days after you receive your notice—but only if you want to.

But, of course, even if you see your doctor regularly, you can still be struck by sudden accident or illness and land in the hospital tomorrow. This is especially true during the dangerous "over 40" years when cancer, heart attack and other serious diseases are most apt to strike. That's why 40-PLUS also pays extra cash benefits direct to you—in addition to any other insurance or Medicare—for you to use any way you wish.

### \$100 a Week Extra Cash Paid Direct to You

Here's how this valuable "extra cash" protection pays off in your time of need: \$100 a week (\$14.28 a day) will be paid directly to you from the very first day of hospital confinement, for as long as 52 weeks, each time you are hospitalized for a new sickness or accident! You get paid for every day—even if you are hospitalized for only one day—as much as \$5200 for a full year! Even if you are hospitalized for a full year and have received your full \$5200 in benefits, if you should be so unfortunate as to be hospitalized again—you are still entitled to all benefits all over again, as long as you have been out of the hospital for at least six months between hospital confinements.

**Important:** Here is a real "plus" for you if you have been told you are uninsurable. Even if you have suffered from chronic ailments in the past, the kinds of conditions that come back again and again or are likely to recur, 40-PLUS will cover you for these pre-existing conditions after your policy has been in force for two years.

Naturally, 40-PLUS will cover you for any new accident or sickness. Accidents are covered immediately, as soon as your policy is in force. After your policy is 30 days old, you are covered for sicknesses which begin thereafter. There are only a few usual exceptions: war, military service, mental disorder or alcoholism, or if something happens "on the job" and is covered by Workmen's Compensation or Employers Liability Laws. You are free to go to any hospital of your own choice that makes a charge for room and board, with these exceptions only: nursing homes, convalescent or self-care units of hospitals, Federal hospitals, or any hospital primarily for treatment of tuberculosis, alcoholism, drug addiction or mental disorder.

### 40-PLUS and the "Danger Years"

Of course, like most people over 40, you probably have some hospital insurance. But, as everyone knows, the most complete hospital insurance—even Medicare—simply doesn't cover everything. The fact is, you need more protection.

But now that you're over 40, now that you've entered

the "danger years," it may be difficult to obtain the extra protection you need at a price you can afford—or, because of the condition of your health, you may not be able to obtain it at any price!

That's why the new 40-PLUS Benefit Plan is so important to you—it brings you the hard-to-obtain "over 40" protection you need, at remarkably low rates. For only pennies a day, 40-PLUS will give you extra cash to help fill the "financial gap" probably not covered by your present insurance or Medicare.

And remember this—even if your basic hospital expenses are covered—you'll still need help with all your regular household expenses!

Think for a moment—if you're a husband, father and breadwinner, and you're suddenly hospitalized, what happens? Your income stops. Your expenses go up. Even if you have some kind of "salary insurance," it probably won't come close to replacing your full-time pay. It's quite likely that you and your family will never fully recover the tremendous financial loss!

If you're a wife, mother and homemaker, and are suddenly hospitalized, what happens? Who will look after your family, see that the children get hot meals, are properly clothed? Who will do the laundry, the marketing, the cleaning? Your husband may lose time from his job... friends and relatives may have to help out temporarily... you may even have to hire full-time domestic help! Everything will be upset. Debts may be incurred, savings may be lost—worse still, peace of mind may be shattered, and even recovery can be seriously delayed!

If you're over 65, and are suddenly hospitalized, what happens? Medicare won't pay all of your hospital expenses or any of your household expenses. Most senior citizens won't want to dip into savings it may have taken a lifetime to accumulate... or become a "burden" to their children or community. Surely you wouldn't want to become "dependent" after all the years it has taken you to secure your independence.

Now you can stop worrying—now that you can obtain the remarkable two-way protection of 40-PLUS.

Actually, important as all of these extra cash benefits are, they are far from the only advantages you can enjoy... if you act before the enrollment deadline. For example:

### Benefits Tax-Free—Can't Be Reduced

■ For as long as you live and continue to pay your premiums, we will never cancel or refuse to renew your policy for health reasons—and we guarantee that we will never cancel, modify or terminate your policy unless we decline renewal on all policies of this type in your entire state. Furthermore, your benefits will never be reduced—and all your benefits are tax-free!

### Carry Any Other Insurance You Want

■ Yes, the 40-PLUS Benefit Plan pays you extra cash in addition to any other health insurance you carry, whether individual or group—even Medicare!

### Surprisingly Low Cost

■ With these wonderful "keep well" and "get better" benefits, you might expect 40-PLUS to cost much more than other health plans—but, in fact, it costs considerably less than you might expect! Only \$3.95 a month from age 40 through age 64—only \$6.95 a month when you are 65 or over—no additional premiums can ever be assessed—and, regardless of your age, your first month is only \$1.00!

### A Respected Company

■ As important as all the valuable benefits, the low cost and ease of enrollment is this vital fact: Your policy is backed by the resources, integrity and reputation of the Physicians Mutual Insurance Company, "the doctors company," specializing in health and accident protection for physicians, surgeons and dentists all across America, for more than 63 years. Doctors right in your own community know about us and may actually be insured by Physicians Mutual. (If this is the first you have heard of Physicians Mutual, it's probably because this is one of the very few offerings it has made to the general public.) Serving hundreds of thousands of policyholders throughout the United States direct by mail, Physicians Mutual has its headquarters in Omaha, Nebraska, and is licensed and incorporated in that state. Its Board of Directors is composed entirely of respected members of the medical, dental and insurance professions.

### How Can They Offer So Much For So Little?

The question is a sensible one; and the answer makes good sense, too: By encouraging our members to see their doctors for routine check-ups each year... we hope to be able to keep more people out of the hospital. This means lower claims costs.

In addition, we have lower sales costs. 40-PLUS is a mass enrollment plan. All business is conducted directly between you and the company by mail. No salesmen or investigators are used.

It all adds up to real savings we share with you by giving you high quality protection at low cost.

### Easy to Enroll—No Red Tape—No Salesman Will Call!

Simply fill out the short Enrollment below and mail it with \$1.00 for your first month's coverage! We will issue your 40-PLUS Benefit Policy (Form P302 series) immediately—the same day your Enrollment is received. This automatically puts your policy in force. Along with your policy, you will receive a simple, easy-to-use Claim Form. When you need your benefits, you can be sure that your claim will be given "top priority" treatment. In addition, we'll see to it that you receive special forms yearly to take to your doctor for your physical examination.

When you receive your policy, you'll see that it is direct, honest, easy-to-understand. But—and please note this carefully—if for any reason you change your mind, you may return your policy in 10 days and we will promptly refund your dollar!

### Don't Wait Until the Deadline to Enroll!

Remember, the sooner we receive your Enrollment, the sooner 40-PLUS will cover you! So it's best you fill out and return your Enrollment now, before the deadline date arrives. (Two Enrollments are provided below so that husbands and wives may both enroll. In that case, be sure to enclose \$1.00 for each Enrollment.)

So, won't you take the necessary few minutes today—and return your Enrollment together with the dollar required to put it into effect? Your Enrollment must be postmarked before midnight of May 8, 1966, or it cannot be accepted. Better mail your Enrollment today.

Fill out and mail Enrollment with \$1.00, to Physicians Mutual Insurance Company, 115 South 42nd Street, Omaha, Nebraska 68131. BE SURE TO ENCLOSE \$1 FOR EACH ENROLLMENT.

## 17 Important Questions Answered

### ABOUT THE NEW 40-PLUS BENEFIT PLAN

The New Plan That Pays You Extra Cash When You Are Hospitalized—Plus Extra Benefits To Help Keep You Well

1. What is the 40-PLUS BENEFIT PLAN?  
It is a new health insurance plan for people over 40 only—that pays an extra cash income direct to you when you are hospitalized and, in addition, provides a physical examination benefit each year to help your doctor keep you well.
2. Why do I need 40-PLUS in addition to my regular health insurance or Medicare?  
Probably your present hospital insurance—even Medicare—won't cover all your hospital expenses. But even if it did, you would still need help to pay all your regular household expenses while you are hospitalized.
3. Can I collect in addition to any other health insurance or Medicare?  
Yes. 40-PLUS pays you in addition to any health insurance you carry, whether group or individual—even Medicare!
4. Is there a lot of red tape to qualify?  
No. The only qualification is that you must be over 40—even senior citizens over 65 are welcome.
5. If I become hospitalized, when do my benefits begin?  
\$100 a week (\$14.28 a day) will be paid directly to you from the very first day of hospital confinement.
6. How long will I be paid?  
For as long as 52 weeks (as much as \$5200.00) while you are hospitalized for each new sickness or accident. If the full 52 weeks has been used, and the same condition recurs, a new 52-week period will be provided if there has been an interval of 6 months between hospital confinements.
7. When does my policy go into force?  
It becomes effective on the date your Enrollment is received. Accidents are covered on that date. After your policy has been in force for 30 days, you are covered for sicknesses which begin thereafter.
8. What if I have had a health problem that may recur again?  
Pre-existing conditions are covered after your policy has been in force for two years.
9. What conditions aren't covered?  
Only the usual exceptions: war, military service, mental disorder or alcoholism, or any condition covered by Workmen's Compensation or Employers Liability Laws.
10. Does 40-PLUS pay in any hospital?  
You will be covered in any hospital anywhere in the world that makes a charge for room and board, except nursing homes, convalescent or self-care units of hospitals, Federal hospitals, or any hospital primarily for treatment of tuberculosis, alcoholism, drug addiction or mental disorder!
11. Can I drop out any time? Can you drop me?  
No matter how many claims you make or how much you collect, we will never cancel or refuse to renew your policy for health reasons—for as long as you live. We guarantee that we will never cancel, modify or terminate your policy unless we decline renewal on all policies of this type in your entire state. You, of course, can drop your policy on any renewal date.
12. Will my claims be handled promptly?  
Yes. With your policy, you will receive a simple, easy-to-use Claim Form. Your claims will be processed quickly and your checks will be sent directly to you.
13. How do I get my "physical" each year?  
40-PLUS actually pays your own doctor up to \$10 annually toward your routine physical examination (but only if you want it). You receive special forms yearly to take to your doctor, so that he can give you your checkup within 60 days.
14. Why are the premiums so low?  
Because this is a mass enrollment plan—and no salesmen are used—our volume is higher and our sales costs are lower.
15. How much does my first month cost?  
Only \$1.00, regardless of age. After your first month, you pay only \$3.95 a month until age 65; only \$6.95 a month from age 65 and over.
16. Why is there a "deadline" date?  
In order to offer the Plan to people over 40 without any qualifications and still maintain our low rate, we can only make the Plan available on this basis during a limited enrollment period. The deadline date is firm—we cannot accept your Enrollment unless postmarked on or before that date.
17. Why should I enroll right now?  
Because an unexpected sickness or accident could strike without warning—and you will not be covered until your policy is in force. Remember, if for any reason you change your mind, you may return your policy within 10 days and your \$1.00 will be refunded immediately.

There's almost as much confusion over whether it's Vietnam, Viet-Nam or Viet Nam as there is over what to do about it.

Webster's likes Vietnam. AP and UPI use Viet Nam. Columnists, as usual, are split on whether to split. The United States Department of State favors hyphenation — not, presumably, as a diplomatic compromise but out of habit. Viet-Nam is the way the French wrote it before they lost it.

We tend to favor one word. If you can spell the people Vietnamese, why not spell their country Vietnam? But we had thought this a matter on which differences of opinion could co-exist in peace. Then recently we read two statements that have set us to wondering.

One suggested that we can't hope to settle the war there if we can't even resolve the issue of how to spell the name of the country. Another stated that the Vietnamese language contains only one-syllable words. Well, if that's the way it is, let's negotiate. But will they talk in Ha Noi? Or even in Sai Gon? — Sarasota (Fla.) ## Labor Unions Force Newspapers To Merge

Their backs to the wall for a number of reasons, The New York Herald Tribune, The World Telegram and Sun and The Journal American have announced plans for a merger into one morning, one afternoon and one Sunday paper in a last-ditch effort to save themselves.

While more than one circumstance has made the merger an economic necessity, not the least of the causes is the unreasonable attitude of the labor unions involved. They have made wage demands above what the publishers say is their ability to pay and have steadfastly fought automation without concessions the publishers were unable to meet.

An excellent example of the obstacles the publishers face is shown in action taken by the newspaper deliverers union. Before the merger has been finally approved by the Department of Justice and the new corporation born, that union has voted to strike against the new papers unless they knuckle under to their terms. The union and its leaders are unable even to read the handwriting on the wall. — Anderson (S.C.) Independent

## It Outgrows People

According to some research for the U. S. Office of Education, today's 12-year-old boy can throw a softball 10 feet farther than could his 1958 counterpart, and is better also at sit-ups and the 50-yard dash. The sports department record books may reflect that in years to come. The OE supplies no statistical details. Nevertheless, it does appear that the sub-teenager is acquiring more muscle. And a good thing, too. In just nine years he will attain his majority, with a big load to carry.

Matter of fact, it already is shaping up. On a per capita basis, today's 12-year-old is bearing almost \$76 more as his share of the national debt than did his 1958 counterpart. In the latter year, that encumbrance stood at \$271 billion — and the boy's (or man's or woman's) share of it was \$1,561. At the end of June, 1965, the share was estimated at \$1,637. The difficulty is that, with all the exercise we can take and regardless of how fast we can run, it grows faster than people. — Nashville (Tenn.) Banner

## Faubus, Money Men Discussing Candidates

By JOHN R. STARR  
Associated Press Writer

LITTLE ROCK (AP) — Gov. Orval Faubus said today that he and about a dozen political financiers and Democratic Party leaders met about a week ago to discuss candidates for governor.

Results of the meeting were inconclusive, Faubus said. If three have been further meetings, he knows nothing about them, he said.

"We discussed the weaknesses and strengths of those who had filed or been mentioned as gubernatorial candidates, particularly their strengths against the man everybody expects to be the Republican nominee (Winthrop Rockefeller)," Faubus said.

Faubus said he attended the meeting because he was invited. "Is there anything wrong with Democrats trying to defeat Republicans?" he said. "This was a group of responsible Democratic leaders viewing the situation."

## Rain Eases Forest Fire Situation

By THE ASSOCIATED PRESS

Arkansas' farmers and forest firefighters got their rain Monday, mostly in the northern and central portions of the state, and the U.S. Weather Bureau today predicted more to come.

The forecast calls for scattered thundershowers or showers through Wednesday, but mostly in the afternoons and evenings.

The bureau predicted mild temperatures for the state again tonight, with low readings ranging from the upper 50s to mid 60s.

Temperatures Wednesday will be mostly in the 70s and 80s, the bureau said.

More than one and one-half inches of rain fell on Walnut Ridge in the 24-hour period ending at 6 a.m. today and most of northern Arkansas received a half-inch or more.

The Weather Bureau recorded .49 of an inch at Little Rock but said some sections of the city got more than an inch of rain.

Minimum overnight temperatures ranged from 50 degrees at Fayetteville to 67 degrees at Texarkana.

## Lewisville to Vote on Bonds

LEWISVILLE, Ark. (AP) — A \$330,000 industrial bond issue to finance a carpet factory which would employ about 85 persons will be decided by voters here May 18.

The factory would be built for Cherokee Carpet Mills, Inc. of Dalton, Ga. The bond issue would be repaid through rental fees charged the firm, but a two mill tax would be levied in event of default in payments.

The plant would be located on an 80-acre site on U. S. 82 between here and Stamps. It would contain about 43,000 square feet.

## Strech to Make Bid for House of Rep.

Arthur Strech, Hope Realtor and Developer, today authorized the Hope Star to announce his candidacy for the House of Representatives subject to the Democratic Primaries.

"I sincerely feel that for Hempstead County to show the major progress of which it is capable in the years ahead will depend to a great extent on how much the progressive thinking people of our County participate in legislative matters. As your elected representative I would seek the advice and counsel of all segments of our community in legislative matters of interest to them."

"If elected as your representative I will seek at all times to vote the will of the people of Hempstead County on every legislative matter."

"In the weeks ahead I hope to meet with most of the voters of Hempstead County and sincerely solicit everyone's support. Respectfully submitted,

ARTHUR L. STRECH

## Indonesians Sack China Consulate

JAKARTA, Indonesia (AP) — Several hundred students sacked and burned the Chinese Consulate today.

The terse dispatch gave no further details. Only last Friday 2,000 Indonesians of Chinese descent smashed into Red China's embassy and ransacked the building bringing a vigorous protest from Peking. The Indonesian Chinese were demonstrating they had no sympathy with Peking's antagonistic policy toward the new government in Jakarta.

## Major Storm Sweeping the Rockies

By THE ASSOCIATED PRESS

A major storm, with heavy snow and gusty winds, swept wide areas from the Rockies to the central and northern Plains today, nearly a month after the start of spring.

More than a foot of snow fell in mountain areas of Wyoming and Montana and amounts during the night from Wyoming to northern Colorado and the Black Hills of South Dakota ranged from two to five inches.

The Weather Bureau said blizzard conditions were expected to develop in the Dakotas as the center of the storm moves northeastward from Colorado.

The bureau issued warnings to stockmen and motorists.

## Elects Officers

HOT SPRINGS, Ark. (AP) —

The 48th convention of the Arkansas-Missouri Cotton Trade Association ends here today with the election of officers.

Scheduled to address delegates today were Edward Cook of Memphis, vice president of the American Cotton Shippers Association, and William C. Helmbrecht Jr. of Dallas, Tex., executive vice president of the Independent Cotton Industries Association.

## El Dorado Unit Best in Nation

EL DORADO, Ark. (AP) —

The Reserve Officers Association has named an Army Reserve unit at El Dorado as the nation's outstanding Army Reserve unit.

Lt. Col. Hollis Bray of Hampton will receive the award for the unit, the 6187th U.S. Army Terminal Station Complex, at an ROA awards luncheon in New York June 30. Bray commands the unit.

The unit was cited for excellence of training in 1964-65, a high level of individual training and a consistent record of high ratings at annual active duty training.

## Confident Reds Will Be Halted

WASHINGTON (AP) — Jesus Vargas, Filipino secretary-general of the Southeast Asia Treaty Organization, says he is optimistic that allied nations can halt the thrust of communism in Asia.

Vargas, who is on his first visit to the United States, said "the efforts being made by the United States ought to be fully appreciated — particularly by Asians and generally by the free world."

## UN Defense of Viet Nam Is Suggested

WASHINGTON (AP) — The United Nations should undertake the defense of South Viet Nam against armed aggression to help secure peace there, U.S. Ambassador Arthur J. Goldberg said today. But he added that the world body is not prepared to take that step.

The chief U.S. representative at the United Nations said "the situation is not the same as it was when South Korea was attacked 16 years ago, and a similar U.N. response cannot be expected."

In a speech at the National Press Club, Goldberg said "the United States must continue to help South Viet Nam defend itself."

"America is probably not the ideal policeman, nor do we wish to be," he said. "But we are willing to bear our part of the burden."

Goldberg suggested that the U.N. may be able to play a role in Viet Nam in the future by policing and supervising agreements to end the fighting.

A problem "somewhat interlocked" with the Vietnamese issue, he continued, is the relation of Red China to the United Nations and other international bodies.

## Trimble Still Favors Dam on Buffalo

By GORDON BROWN  
Associated Press Writer

WASHINGTON (AP) — Rep. James Trimble, D-Ark., reiterated today his support for the proposed Gilbert Dam on the Buffalo River in Arkansas. He said he is hopeful the project will be included this year in an omnibus authorization bill.

Trimble made his comments after Lt. Gen. William F. Cassidy, chief of the Army Engineers wrote the secretary of the Army that he was withdrawing his recommendation for the project.

Cassidy, who supported the project last July, reversed his position because of the opposition Gov. Orval Faubus of Arkansas.

## Senior Class Play Set for Friday Night

"Sawing a woman in half" is a grave responsibility as Bob Parker discovers when he tries such a magic trick on the high school principal's daughter; it doesn't work! He doesn't really hurt her, but at the time of the curtain Bob's already in plenty of trouble.

Bob's worried family decides to entertain the P. T. A. ladies hoping that they may intercede for him. But his innocent looking kid brother has set up a series of homemade booby traps. This joyous and witty comedy of youth, is a proven winner. This will be presented Friday night, at the high school auditorium by the Senior class.

## Nashville Peach Shed Destroyed

NASHVILLE, Ark. (AP) — Fire destroyed the Highland Packing Shed, one of the largest peach processing sheds in this area, Monday.

Howard Lewis and Freeland Stuart of Murfreesboro, owners, said crates, peach baskets and conveyor systems were lost in the blaze. Lewis said he did not know how the fire started and that the loss was partially insured.

## Says U.S. Struck Nose Into Viet Name Business

NEW YORK (AP) — Sen. J. William Fulbright, D-Ark., says he believes if the United States had kept out of Viet Nam, the conflict there would have been resolved long ago.

"I think if we had never stuck our nose in this business, it would have long since been settled in accordance with whatever the major force within Viet Nam were," he said in an interview with Look Magazine.

"I think we have delayed that settlement, and I think we have a good deal on our conscience for having intervened there in the first instance..." he added.

Fulbright, chairman of the Senate Foreign Relations Committee which held extensive hearings on the war in Viet Nam last February, made the remarks to newsmen Eric Seveld.

## Specialist to Assist Homemakers

An Extension Home Management Specialist will be in Hope Thursday, April 21 and Friday, April 22, to assist homemakers with window treatment and short cuts in drapery construction, according to Delores McBride, Home Demonstration Agent.

Miss McBride invites any homemaker interested and needing help in window treatment to attend.

Local training will be held in the Extension office conference room located next to the office on the first floor of the County Courthouse.

Esther Tennyson, Specialist from Little Rock office, will begin training at 9:30 a.m., on Thursday, April 21 and present information on type window treatment for different type windows, rooms, color, fabric.

Miss Tennyson will conduct a workshop lesson on drapery construction beginning at 1:30 p.m. Thursday, April 21 and will include such things as how to measure, measuring and constructing pleats, putting in linings, weights or hooks and some construction short cuts.
